## THE CAMBRO® STORY

Cambro was founded by two brothers, Bill and Argyle Campbell in 1951 when Bill invented the Camtray® and Argyle began selling the tray to the American Hospital Supply Corporation. The Camtray was quickly embraced by restaurant, hotel, school, and cafeteria operators, and it became the industry standard. Growing from this heritage, today we offer the most complete line of sizes, shapes, colors and materials in foodservice trays throughout the world.

Bill's creativity was the driving force behind new product development. During the 1960's, Cambro introduced Camcover® plate covers, drinkware, dinnerware and serving bowls to provide operators with long lasting tableware and serving items. Cambro also created the first plastic food pan and the first clear food storage container.

Cambro combined plastic molding with foam insulation in the early 1970's to create the first Camtainer®. This was the

beginning of our full line of insulated food and beverage containers that keep hot food hot or cold food cold for holding, transporting and catering.

Our tradition of innovation continues to this day. Every Cambro product is engineered to help foodservice operators increase sales and profits, reduce labor and improve safety. This has led us to industry innovations in storage, such as the FlipLid®, GripLid®, and SlidingLid™; in merchandising with the CamKiosk® and portable CamBars®; and with revolutionary products like the Camrack® closed-wall warewashing system, Camshelving® and thermoelectric Camtherm® holding cabinets.

In the late eighties, Cambro began to export. Cambro acquired Presswerk Kongen in 1997 and Ozay Manufacturing in 2004. We now manufacture a number of our products overseas to be marketed throughout Europe and Asia, respectively. All our products are available worldwide, and a global approach is a significant

part of our growth strategy.

Over the last fifty-eight years, Cambro has grown from one product, the Camtray, to thousands of products; from one salesman to a global sales and distribution network; from two presses in a small shop to a number of manufacturing capabilities around the world. Despite this extensive growth, we remain committed to creating and providing the most durable and highest quality products for the foodservice industry. And Argyle Campbell, the late Bill Campbell's son, stands at the helm of Cambro to continue the Campbell brothers' vision.

Visit [www.cambro.com](http://www.cambro.com) for a wide variety of information about our products including new product updates, an interactive Camrack Glass to Rack Guide, consultant cut sheets and CAD drawings, care and maintenance product guides and more.

## GENERAL TERMS

**Cambro products may be combined to obtain prepaid freight because they are manufactured in one area.**

Specifications, features and equipment shown are based upon the latest information available. Cambro Manufacturing Company reserves the right to make changes at any time, without notice, to price, colors, specifications, accessories and materials. For additional information, please contact your authorized Cambro representative.

### Freight

Freight is free on shipments totaling \$3,000 net or more, based on a single order for single delivery within the continental U.S.A. Orders for shipments totaling less than \$3,000 are F.O.B. Cambro warehouse of origin. Any items back ordered from a "free freight order" will be forwarded transportation charges paid. Add-ons are not allowed on "free freight order backorders". Customer requested palletized orders will be charged \$7.00 net per pallet.

### Return Merchandise Policy

No merchandise may be returned without written authorization. Authorized returns must be shipped freight prepaid. All returned goods must be new and unused, in original packaging and are subject to a minimum 15% repackaging charge plus outbound freight. Returned goods must be received within 60 days of purchase. Special or non-standard items are not returnable.

### Assessorial Charges

From time to time, motor carriers will charge for services that are beyond the scope of a normal delivery. In the event that this happens, Cambro Mfg. reserves the right to bill the customer for these charges. Services that fall under this program would include:

- Sort & Segregation of product at customer's dock
- Lift-gate required to off load the product from the truck
- Inside delivery requests

These charges are considered to be assessorial charges and are not included in the prepaid freight program.

### Broken Cartons

# Class of 1966

Nothing withstands the test of time like a Cambro® Camtray.® Designed to outlast just about everything and everyone, Camtrays are guaranteed against cracking, warping or breakage for five years. Durable fiberglass construction ensures that Camtrays will perform in the most demanding environments and last for decades. Available in the widest selection of sizes, shapes and colors. Camtrays can be personalized with digital quality images featuring your logo or design.

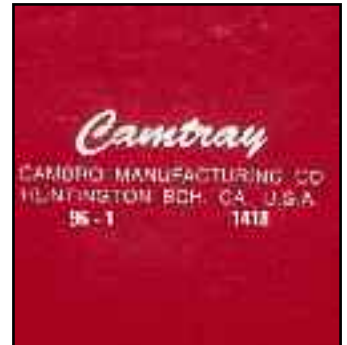

Eight stacking lugs ensure straight stacking. Dri-Stak separators allow for quick drying.

Permanent decorations. All patterns and decorations are molded under tough surface mat and resin to last.

Top fiberglass layer is smooth and strong. Coupled with polyester resin, it resists impact, stains and chemicals.

Each tray is dated on the bottom (production year and quarter), demonstrating how long it lasts.
